Get mystified by the shimmering layers of sound of Indonesian gamelan music at Javanese Music Night. Gamelan consists of a variety of instruments such as metallophones, xylophones, drums, and gongs that offers complex yet harmonious interlocking melodies.

The Emory Gamelan Ensemble will present a set of Central Javanese traditional repertoire. The concert will be followed by an interactive session during which we invite our audience to ask questions and try out the instruments.

This is an Oxford Studies Event. It is open seating, family friendly and free admission.
